

How to Learn from Assessment Mistakes

Question Key with Answers

- Use question key and tally which questions are right.
- Use the Level Rubric to assign yourself a level per concept category.
- Analyze evidence: Does your work answer both the procedure & reasoning questions?
 - Yes – Highlight where it answers it
 - No- make decisions around what you might need to add or strengthen on your assessment. Do one or both of the following:
 - Add the necessary information to make sure your work answers the Procedure and Reasoning Questions
 - Write out two questions that need to be answered for you to be able to figure out the problem on the test.
 - Not Sure- write a question you need answered about the problem on your test.
- Look in notes for clarification

Solution Pathway

- Use the solution key to answer any unanswered questions you still have following question key analysis
 - Write hints in your notes on what to remember to do next time
 - Add what you need to remember to your notes
- If you cannot find the answers to your questions, find a peer to dialogue with and explain how to think through the problems
- Look at the levels rubric check-list to determine appropriate next steps
- Provide the evidence in the next steps part of the rubric check-list
- Analyze these current next steps in relation to your previous action steps
 - Are you attaining your goal?
 - What do you still need to focus on?
 - Any adjustments to your action plan?
