

Presentation of Mastery Check-List

- Prepare a 5 minute presentation that does the following:
 - Articulates why you chose the artifacts you are using as evidence of your mastery
 - Explains what problem was the most challenging in your exams? Why?
 - Explains how you used brilliant failure to work through obstacles and attain mastery
 - Explains how you drive your learning to a deeper level
- Be prepared to analyze a piece of student evidence where the student has made errors.
 - Identify the errors (2 minutes)
 - Explain how you would help the student overcome their errors (3 minutes)
- Presentation is recorded and scored as follows:
 - Convincing presentation (4-2-1 scale)
 - 4=comprehensive, clear, connected/convinced; 2=evidence gaps/not quite convinced for all concept categories; 1=unclear/disconnected/not convinced)
 - Accurate error identification and solution (+2)
