

Presentation of Mastery Check-List

- ☐ Prepare a 6 minute presentation that does the following:
 - ☐ Articulates your current level of mastery in essential course concepts (domains)
 - ☐ Pre-, Post- comparison of assessment questions: What mastery has maintained, what mastery did not maintain, what is current learning focus and why
 - ☐ Demonstrates how your current action steps using your chosen artifacts will increase learning and lead to mastery/maintaining mastery
 - ☐ Describe sustainable action steps that do increase/deepen your learning. Explain how and why the artifacts selected are convincing evidence that you now have a learning plan that will always lead to level up/maintain level
 - ☐ Explains how you use “brilliant failure” to work through obstacles and attain/move toward mastery
 - ☐ Proves your growth in problem solving
 - ☐ Demonstrates how you drive your learning to a deeper level by connecting the following
 - ☐ Concept Map, Notes, Mixed Practice, Problem Solving, Collaboration
 - ☐ Be prepared to analyze an error in a routine or non-routine problem and explain how to fix the error as well as action steps that will resolve this type of error in the future
- ☐ Presentation is recorded and scored using the following rubric:
 - ☐ 4=comprehensive, clear, connected/convicted can drive own learning; 2=evidence gaps/not quite convinced; 1=unclear/disconnected/not convinced
