

Mixed Concept Category Practice Check-list

- Prioritize practice based on current results of quick checks and problem sets
- Select 2 routine problems & 1 non-routine problem for each concept category, similar to goal problems from **notes, previous exams/quick checks, problem sets**
- Explain learning by answering reasoning and procedural questions.
- Add to notes based on clarified or answered questions.
- Re-do goal problems to assess current understanding/mastery
- Refine Action Plan Choices: concept map/mixed practice/self-test questions
